“What is a Plant” Worksheet: Grades K-2

Use the word bank to label the parts of the plant below.

| roots | stem | leaf | flower | berry |

Color the different parts of the plant!

- Color the **roots** **brown**
- Color the **stem** and **leaves** **green**
- Color the **flower** **yellow**
- Color the **berry** **red**
Circle the Plants:
Plants can look very different. Circle all that are plants.

Flower        Tree          Mushroom
Bird                                       Apple                                     Squirrel
Grass                                     Rock                                      Carrot
Living vs Non-Living Things:
Under each picture, write whether it is living or non-living.
