

## Upcycled Animals

Create an animal using a recycled paper roll!

### Materials:

- Cardboard roll leftover from toilet paper or paper towel.
- Decorations: crayons, colored, pencils, markers, stickers, anything you have!

### Instructions:

1. Take the cardboard roll and fold the top down from both sides, as in the photo above—this creates the ears for your animal.
2. Decorate! Use whatever you have around to give your animal a face, ears, and color.
3. 7. Post your creation on social media and tag us to show off your creation!

### Helpful Tips:

Cut a paper towel roll in half or into thirds to make smaller animal.

Be creative with stickers, googly eyes, and construction paper if you have them.
