

## Snails Worksheet: Grades 3 - 4

Complete this worksheet after watching the video. Label the parts of the snail in the picture below.

What kind of animal is a snail? \_\_\_\_\_

List 3 places snails can live:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

List 2 things a snail's shell helps protect them from:

1. \_\_\_\_\_
2. \_\_\_\_\_

Snails are **herbivores**; what do they eat? \_\_\_\_\_

**Organic** means anything that is or was alive. Write down 3 **organic** (living) things and 3 **inorganic** (nonliving) things that you might find where a snail lives.

## Organic (Living)

---

---

---

## Inorganic (Nonliving)

---

---

---

List two ways that snails help the environment:

1. \_\_\_\_\_
2. \_\_\_\_\_

Have you ever seen a snail? Write about the time you saw one! Or write about what you would and would not do if you saw one.
